Maybe even better than free.

You decide who you want to share your files with. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. If only we could, we surely would! On the otherhand, using file can actually save you money. You don't need any special software installed to be able to download your files. filehosting provides an easypossibility for you to send large files to your friends. Any file in any format can be uploaded and downloaded for free. Using file, you can circumvent thoselimits without paying to upgrade your team chat service. Files can be downloaded from any computer from our high speed servers. File is free to use with nogotch as and no hidden fees. The cost of that data transfer is covered by your internet service or the data plan on your phone. Why pay storage fees for a file thatyou just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. No account or credit card is required to get started. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Keep your files private, or sendyour download links only to friends or family. It is also allowed to link to the download page from websites and communities. When you use file, you avoidstoring the file you're sending in your cloud storage or mail server. Simply upload your file and share the link. You can give this download link to your friendsby mail or instant messenger. Unfortunately, we can't make that part free. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can upload any type of file (movies, music, documents, images, zip files and more). Just upload the fileyou want to share with your friends and we send you a download link to your file. Alternatively you can choose to share your download links on blogs, forumsand social networking sites. There are no restrictions on the number of times a file can be downloaded. We have no file size limit. Our service is completely freefor everyone. So try our free and simple filehosting service now.
