Taylor 4.0 out of 5 stars I put off getting another bike for years because I was tired of having them stolen. This one I can just fold up and lock up in the trunk of my car. If it were just a little bit lighter it would be perfect its still kind of a chore to lug up and down stairs. But its super cute and perfect for getting around campus. **1. INTRODUCTION**

"Congratulations, you have just acquired a fine product, your DAHON Folder comes to you fully assembled and is ready adjusted to run smoothly. For full enjoyment and safety of this product, please read and follow all of the instructions and helpful hints contained in this manual. For special attention to these items, read them and re-read them."

**Caution:** To prevent component failure or damage.

**Warning:** To prevent injury to the rider or others.

Although your DAHON Folder is easy to ride for people of all ages and sizes, riders should be aware that the DAHON Folder is more maneuverable and requires faster than the typical large wheel bicycle and may require some initial familiarization.

**2. RESPONSIBILITIES AND SECURITY**

**2.1 Owner's Responsibility**

1. Follow the instructions in this manual and any other literature supplied with this bicycle.

The owner is responsible for performing specified maintenance services to keep the bicycle in safe operating condition.

2. The warranty card for your Folder by DAHON should be completed and returned to enter your privileges.

**Warning:** Prior to riding, check equipment "Safety and Parts Inspection" (Sec. 4.1).

**2.2 Protection Against Theft**

1. Record the serial number of your bicycle \_\_\_\_\_ It is located on bottom bracket (F250855).

2. Record name and location of store where purchased, and date of purchase.

These charges are the buyers responsibility. Returns Our return policy is 30 days for an exchange or refund minus our shipping cost to recover the cost for shipping to you. We want you to be a happy customer. Please pay within 5 days after auction is finished. Shipping Shipping Cost Shipping Method Asia North America Central America Middle East AU. NZ Europe Russia South America Africa EMS, 3 6 days, 4 6 days, 3 5 days, 4 6 days, Terms of Sale Money back guarantee within 14 days if returned by customer. About Us We are a trading company in Japan. If you are looking for goods from Japan. Please let me know. I have extensive network of distributor and goods will be shipped. We can purchase for business. Please Contact Us. International Buyers Please Note Import duties. Tax Has a few minor scratches and small chain guard crack but still fully functional. The bike is in very good condition. Brakes work fine as does shifting through the 7 gears. The bike has two plastic fenders and a rear rack with bungy tie down. The seat is in excellent condition with no rips. Tears, or abrasions. Included is the original owners manual and separate instruction sheet on how to fold and unfold the bike. I am also including the shoulder carry bag and small bag for that carry bag to allow you to easily transport the bike. Bike does have some scratches and normal wear and tear and there are a couple of spokes that are slightly bent that you may or may not want to replace. I have ridden this bike easily on 20 mile. It folds up to a size that is easily stowed under a desk if you work in an office setting or into a relatively small car trunk. Its a collectible item. Not sure where the serial number is located on it. It was an estate sale find. There is a little surface rust on some of the components as only the frame is made of stainless steel. This bike had been ridden in the past and. For some reasons, it had been stored for a while.

The bike should be tuned up by the bike mechanic before regular use. The bike is in great shape. The coaster brake works. The seat itself is in good shape with a slight scrap on the edge as pictured. The folding mechanism works. Including the early uniquely designed folding crank latch on the right side. Comes with air pump and luggage rack on the back. With a. more little further good restoration and cleaning this will be a really nice bike and good addition to your collection. This will be an expensive item to ship due to weight and size. The bike will be shipped in a big box. Local pickup will be welcome. This bike is sold as is without any warranty. Thank you for your interest Sports By Sager, offers items from a wide variety of sporting goods categories. We stock everything from Unbreakable Umbrellas to foldable bikes made by Dahon. We are an authorized dealer for most of

the brands we carry, take a look through our store and see what we have for you. Cant find what youre looking for. Call or email us and well be glad to help you find the products that work best for you You can also. Authorized dealerwarranty is valid. This bike was shipped back from a customer. There are scratches on fork. Wear marks on tires and box is beat up. But this should be a deal to someone who can ignore cosmetic issues. Frame FA Series. #### Dahon MuEX Ultegra/XTR Di2 2x10 Speed

Otherwise seller reserves the right to sell i There is one place on the back fender where it was rubbing against the wheel and a hole has rubbed through see photo 7 There are a couple small cracks in the seat see photo 12 Please email me with any questions. Shipping is based on where you live. The piece is more than 30 years old and is in excellent condition for its age. There are a few chips in the paint and a few rust spots but would make a great project and would be relatively easy to restore. The tires are originals and don't have much life left in them. What you see is what you get. The traction is good but the sides are coming undone at the seams. I have a reflector that fits in one of the tires that's missing a screw hole. A fun antique di, RcmdId ViewItemDescV4, RlogId p4%60bo7%60jtb9%3Fuk%601d72f%2Bishov%3C%3Edi146fca2ff330x10b Bike appears to have low riding hours. Most of the wear appears to be from storage. Fenders are in good condition. With a few scuffs. Seat is in great condition. Tires are also in great condition. Tires still have the rubber nubs on them. Some of the metal does have some surface rust. Didn't want to sand the rust off, and risk damaging the bike. Wheel spokes seem to have a majority of the rust. This bike has been tested by an adult male, rode about 20 miles. Works good! Shifted fine. Will need a good oiling, has been sitting in storage for awhile. Please look over the pictures carefully so you know what to expect. Please Note If you purchase an item. Please pay for it right away or contact us to let us know when you will be making payment. If you can't make more your payment, please let us know so we can cancel the transaction. Item details What you see. Is what you get. All items shown in pictures are included in the auction, unless otherwise stated in item description All Electronics are Sold ASIS NO RETURNS. Lot X" vs. Lot of X" EBay requires that similar items have different pictures. Titles, and descriptions.

<http://dana1157.com/images/Dirt-Bike-Repair-Manuals.pdf>

When our store has more than one item that is similar to another, we will list items with lot numbersexample“Lot 1” Lot 2” etc You will only be receiving what you see in the pictures. Not multiple items. When there is more than one item included in the listing. It will be listed as a“Lot of X” For example, if there is one listing with 3 items, it would be listing as a“Lot of 3 items” Usually you will see all items that are included in the listings pictures. Please note UnderItem Specifics above. If the condition of the items is stated This has the 3 speed internal gear Sturmey Archer transmission. Condition Overall it is in decent shape considering the age. I just took it for a test spin this week and two years ago I rode it all over Chautauqua Institution. The tubes still hold air well enough to be ridden. The tires are a bit dry and should probably be replaced if you plan to ride seriously. The rear brake could use some lube on the cable. Front brake is very good. There is some surface rust on the chrome parts. The ride is a bit wobbly due to the coil spring granny saddle. Please consider the age and condition when bidding. The item shown in the photos is the item for sale. Everything else seems to be original. But not completely positive. Please view all pictures. Bike is in nice shape, but does have some scuffs here and there. There is also some speckled rust here and there. Please email with any questions. PayPal Only and No Returns Please make payment when purchased Will ship when payment clears. FREE SHIPPING! Thanks for Looking! It has normal scratches and scuffs for a bike of this age but I do not think it has been ridden much if at all. The brake pads have not left a mark on the rims, the tires look to be brand new and it shifts perfect. Looking at old pictures of this model everything seems original, reflectors, stickers, cables, seat, everything.

If you are looking for an original DaHon California you will have a hard time finding one in more original condition. These were hardly used but stored on a rv and only have some handling and storage scratches. Both look good. Rims on both are good and needs some cleaning no rust. The first is missing one removable pedal. The release knob and the plastic wheel fenders. The second has more a deformed front fender, missing the rear fender and the side decals. Still have the original tires with some cracks. Not sure about tubes as I have not inflated the tires. All four tires still have the tire mold taps which shows that these were not used a lot. Seats. Shifters, brakes, chains and gears look good and in good shape. Please view all photos for more detail. Will ship both in one box for lower shipping cost. SHIPPING We try to same day or the day after upon receipt of payment. 1All items will be shipped with UPS ground unless otherwise indicated in item description. Enter ZIP Code and click button to see prices UPS Ground International Shipping. Please only contact us via Ebay links as all other emails are not checked. We try to reply to all emails within 24 hours. Some items may be broken down for shipping. Brakes function well. Clean and complete. Telescoping steer stem and seat post adjust easily for a comfortable fit short or tall. Black plastic fenders and chain guard. Kick stand. Small wheel for moving about while folded. Weighs 31lbs Serial number A993048 indicated a Taiwan bike made in 1989 which coincides with the date on the Sturmey Archer hub. EBAY'S NEW GLOBAL SHIPPING PROGRAM All packages that ship using eBays new Global Shipping Program GSP are insured and tracked to your doorstep with delivery confirmation. Using the GSP allows you to pay all duties import taxes at the same time you purchase the actual item which saves you and customs a lot of time and energy. Your items will usually arrive faster than any other service. If you need more pictures just let me know. Both bikes function. Shift, brake, fold, and ride nice I am sure they could use a tune but they work fine. The bikes adjust for nearly any size rider from kids up to adults. I was impressed with the ride. They ride almost like a full size bike but perfect for something like motorhome storage. These. more have probably been ridden less than a dozen times and have been stored inside the garage. They really fold down compact for travel see pictures. According to the manual they fold down to approx 10 x 18x 28 inches. As you can see I also have the owners manual. Accessories brochure and registration card. These two bikes would be a great addition to any bike collection. They are sold as is so be sure to ask any questions before bidding. Year after year it remains Dahons most popular bike because of this. The frame is handwelded from custom drawn 4130 chromoly Sonus tubing and incorporates six different patented technologies. Resulting in what is probably their stiffest frame.

Perfect For Apartment dwellers with limited space at home Making the switch from car to bike for your commute to work that youve been considering Features The worlds best selling folding bicycle. Folds in less than 30 seconds so you can take it anywhere. Superstiff frame delivers a ride that feels just like a full size bike. The SuperLite 4130 chromoly. Light and responsive.
